How to use this workbook

1 **प्रिंट करें · Print**

Print on A4 paper at 100% (actual size). White paper in black and white or in colour both work. To practise again and again, slip a page into a plastic sleeve and use a dry-erase marker.

2 **वार्म-अप · Warm-ups**

Start with the two warm-up pages. Straight lines, curves and loops are used in many Hindi letters, so they are a gentle way to get ready for the letters.

3 **रोज़ एक अक्षर · One letter a day**

Choose one letter page a day. Short, happy sessions work best. If your child is tired, stop and try again tomorrow.

4 **बोलकर पढ़ें · Say it aloud**

Say the letter and its picture word aloud together. Then look for the letter on signs, packets and books around your home.

5 **ऊपर बाईं ओर से शुरू करें · Start at the top-left**

Begin each letter at the green dot, usually at the top-left, and draw the shirorekha (the top line) last, or follow the order taught in your child's school. Schools can teach slightly different stroke orders, so your child's teacher has the final say.

6 **शाबाश · Celebrate effort**

Praise the trying, not just the result. A clap, a sticker or a high-five makes practice fun.
